AIMS EDUCATION 2016 ANNUAL SECURITY REPORT

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act) requires that post-secondary schools participating in Title IV student financial aid programs publish a statistical report of crimes occurring on or near the institution's campus and provide information about security policies, procedures and programs. The intent of the report is to inform you of the extent of reported crimes occurring in the previous calendar year. Data is collected from a variety of sources including local law enforcement, internal departments such as academics, Human Resources.

On March 7, 2013, President Obama signed a bill that strengthened and reauthorized the Violence Against Women Act (VAWA). Included in the bill was the Campus Sexual Violence Elimination Act (Campus SaVE), which amends the Jeanne Clery Act and affords additional rights to campus victims of sexual violence, dating violence, domestic violence, and stalking.

The report also includes data from two years prior to the most recent year. In the case of this particular report you will see data for calendar years 2015. This report is prepared annually in compliance with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

AIMS Education is committed to fostering an environment in which all members of our campus community are safe, secure, and free from sexual misconduct of any form, including but not limited to sexual assault, dating violence, domestic violence, and stalking.

2. Public Property

This area can be described as public streets that run through the campus, or form the border of campus. If portions of the bordering streets were not accessible because of a fence or other obstruction, then those portions would not be included in the annual report.

The Clery Act requires that participating schools collect data on a specific list of crimes. These crimes are listed below; however a more thorough description of each crime is give at the end of this document.

In cases involving allegations of sexual harassment or sexual violence between students, a hearing consistent with Student Code of Conduct will be conducted following the conclusion of any investigation into the matter. If it is determined that a violation of school policy has occurred, the school will act promptly to eliminate the inappropriate conduct, prevent its recurrence, and address its effects by taking appropriate action; Including, but not limited to modification of schedule, suspension, and or restrictions of contact between parties. A complainant who wishes to pursue a criminal complaint is encouraged to make a report to the local law enforcement.

Sexual Assault Education and Prevention Programs

Effective October 2015, AIMS Education will attempt to engage in an on campus educational program to prevent domestic violence, dating violence, sexual assault and stalking. Reporting a Crime

Anyone may report a crime or emergency to the Edison Police Department by dialing 911. For dispatch of police vehicles for non-emergency calls, call (732) 248-7400. Victims and witnesses have the right to report a crime on a confidential basis. To report a crime or give a tip about a crime confidentially call Edison Crimestoppers at (877) 750-TIPS. Students, faculty, and staff who wish to report an incident to the school administration may do so by contacting the Office of Student Affairs at 908-222-0002 ext. 352. You may also stop by the Campus Director's Office and fill out an Incident Report.

Filing a Formal Complaint

A student or employee may file a formal complaint by filling out an incident report and submitting it to the Title IX coordinator within the Academic and/or Student Services Department. All other parties may file a formal complaint by submitting the complaint in writing to the Academic Department and/or Human Resources Department. A school official will follow up with the parties involved in the complaint within a reasonable amount of time (usually 3 business days).

The student and/or employee can also file an incident report if they have been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off-campus. At which time, a written statement will be taken, and the victim will be provided with a written explanation of their rights and options. In addition, a packet with contact information will be provided for them to reach out to the appropriate agencies.

Disciplinary Proceedings

When a formal complaint is filed regarding dating violence, domestic violence, sexual assault, or stalking, a disciplinary hearing will be held. The hearing will be overseen by a panel of three

school administrators. The disciplinary hearing will be held within a reasonable amount of time (usually 3 business days).

At the hearing, the complainant will be required to prove the validity of his/her complaint by providing a preponderance of evidence. This evidence can be in the form of personal testimony, witness accounts, physical evidence, etc.

The respondent will be given the opportunity to respond to the complaint. The respondent is not required to answer any questions. The burden of proof falls solely on the complainant.

The complainant and the respondent will both have the right to have others present as witnesses. They will also have the right to be accompanied by an advisor of their choice.

After listening to all of the evidence provided, the hearing panel will meet in a closed session to determine the outcome of the proceeding. The formal complaint process, from the initial hearing to the conclusion of the disciplinary proceeding, will usually be completed within thirty days.

Upon completion of the hearing, AIMS will simultaneously notify, in writing, both the complainant and the respondent of:

- The result of the hearing
- The steps to appeal the result
- The reasons for the result and sanctions imposed

If, at the conclusion of the disciplinary proceeding, the findings are in favor of the complainant, then sanctions may be placed on the respondent. These sanctions include, but are not limited to, employment limitations, warning, probation, suspension, and termination.

Complainants and respondents have the right to appeal the findings of the disciplinary hearing. An appeal must be submitted to the Title IX coordinator within the Academic Department and/or Student Services Department within 7 business days of the conclusion of the disciplinary hearing. Grounds for appeal include the following:

- New evidence has been discovered that may substantially change the outcome of the hearing
- A belief that sanctions were insufficient/excessive
- Evidence that the disciplinary proceeding was conducted improperly

An appeal will not result in a new hearing. If it is determined that there are grounds for an appeal, the findings of the hearing panel and all evidence from the disciplinary hearing, including new evidence, will be reviewed by the School Director. The School Director's decision on the complaint will be final.

After an appeal, AIMS will simultaneously notify, in writing, both the complainant and the respondent of:

- Any change to the result
- When the results become final
- Reasons for the change in results and sanctions imposed

Removal of Reported Crime

AIMS may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situations where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” Only sworn or commissioned law enforcement personnel may “unfound” a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.

Bystander Intervention

Bystanders play a critical role in the prevention of sexual and relationship violence. They often outnumber both the perpetrators and the victims. Bystanders can have a range of involvement in assaults. A person or persons may be aware that a specific assault is happening or will happen, they may see an assault or potential assault in progress, or they may have knowledge that an assault has already occurred.

Regardless of how close to the incident they are, bystanders have the power to stop assaults and get help for people who have been victimized. While we may be aware that certain behaviors are inappropriate and potentially illegal, we may not always know what we can do to make a difference. It is a matter of individual and collective choice whether you are going to be active bystanders who speak up and say something, or whether you will opt to be passive bystanders who stand by and say nothing.

Being an active bystander does not require that we risk our own safety or the well-being of others. The goal is to aid in the prevention of violence without causing further threat, harm, or damage. If you or someone else is in immediate danger, calling 911 is the best action a bystander can take.

Risk Reduction

To promote a healthy and safe environment on and around campus, AIMS will offer education and prevention programs that will provide information on risk reduction. It is up to the AIMS

community to be vigilant and recognize potentially harmful situations. If a student, faculty member, school official, or visitor feels that a situation is escalating, that individual is encouraged to inform the proper administrator or local authorities.

The school, in particular the Title IX coordinator, will provide notification in writing and provide materials should a need arise on existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community.

The school will further provide written notification to victims explaining how they can request changes in academic situations, working situations, and protective measures. The school will take every precautionary measure to safeguard the safety of the student or employee that has been a victim of any violence under the VAWA Act. For situations related to living and transportation, the local housing authority in the county of residence should be contacted. You can visit the sites below for more information:

Campus Enforcement

In order to ensure the highest degree of security and safety on campus, members of faculty, staff, and students are encouraged to understand that safety is the responsibility of all, not those officially charged with enforcing the policies and regulations. Students, and employees are encouraged to promptly report all on-campus crime, suspicious activities and or violation of VAWA to Administration. Diligent efforts will be made to alert campus public of any crime related issues. AIMS Education's duty is to inform students, staff, and faculty in a timely fashion should a threatening situation arise on or around campus. AIMS Education maintains an excellent working relationship with the Edison Township Police Department.

Access to Campus Facilities

AIMS Education Edison maintains a strong commitment to campus safety and security, including facility issues which may impact the safety of the occupants. The AIMS Education Edison campus is located in a commercial building with a strip mall floor plan. The building has a large, well-lit parking lot located directly in front of the building. There are several other tenants in the building on both the first and second floors.

The AIMS Education Edison campus is located on the second floor of the building. The campus is comprised of classrooms, administrative offices, bathrooms, a reception area, cafeteria, and medical lab. The campus is accessible to faculty, staff, students, visitors, and vendors, Monday through Friday during normal business hours, and certain times on Saturday.

The interior of the campus is equipped with CCTV cameras which are monitored by the campus director, in addition to an alarm that is linked directly to local emergency services. The second floor of the building is accessible via a front door which leads to a stairwell or elevator. There is an emergency exit in the back of the building which second floor occupants can access via a back stairwell.

Issuing of Timely Warnings

Although there is no required format for a timely warning, the warning must be reasonably likely to reach the entire campus community. Therefore, timely warnings must be issued in a manner that gets the word out quickly and effectively communitywide Issuance of timely warnings will be on a case by case basis in light of all the facts surrounding a crime, including factors such as:

- The nature of the crime- the type of crime. Was it a Clery Act?
- The continuing danger to the campus community. This means that after a *Clery Act* crime is reported, consider whether students and employees are at risk of becoming victims of a similar crime.

- The warning may be e-mailed, posted on notice boards, and or distributed

The Family Educational Rights and Privacy Act (FERPA) and the Timely Warning Requirement

AIMS Education may, in appropriate circumstances, include personally identifiable information in a timely warning. Although personally identifiable information is generally protected from disclosure under *FERPA*, such information may be released in an emergency situation. The Department's *FERPA* regulations, at 34 CFR 99.36, describe the rule relating to the disclosure of information in health and safety emergencies.

Emergency Evacuation Procedures

In the event of an emergency or dangerous situations involving an immediate threat to the health and safety of those on campus, communication by way of strobe lights will be utilized to evacuate the building by following the fire drill protocol. This will be under the direction of the fire warden, and or school director.

Fire drills are conducted twice a year without notification to make sure that the procedures set forth in the Consumer Handbook are followed. The fire drill procedure applies to all occupants of the building, and will have to abide by them. **There were no fires reported for 2015**

In case of extreme weather conditions, students, faculty, and staff of AIMS Education are advised to check the website www.aimseducation.edu for latest information on delayed openings, and closings.

Preparation of Annual Crime and Security Report

AIMS Education is committed to the accurate reporting of crimes on campus. The statistics are compiled from information received from the local law enforcement, student affairs, academics, and human resources.

** New for 2015 report is the inclusion of available data for Domestic/Dating Violence, and Stalking as mandated by the Violence Against Women Act.

Definitions and Terms

Sex Offenses Definitions are from the National Incident-Based Reporting System Edition of the Uniform Crime Reporting Program

Sexual Assault

An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's UCR program.

Sex Offenses

Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

- Rape - The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling - The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

Consent must be informed, voluntary, and mutual, and can be withdrawn at any time. There is no consent when there is force, expressed or implied, or when coercion, intimidation, threats, or duress is used. Whether a person has taken advantage of a position of influence over another person may be a factor in determining consent. Silence or absence of resistance does not imply consent. Past consent to sexual activity with another person does not imply ongoing future consent with that person or consent to that same sexual activity with another person. If a person is mentally or physically incapacitated or impaired so that such person cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes impairment or incapacitation due to alcohol or drug consumption that meets this standard, or being asleep or unconscious.

Definition of Consent according to New Jersey law:

Age, physical impairment and mental impairment all contribute to a person's ability to give consent. A person must be 16 years of age to legally consent to sexual activity. A person cannot give consent to sexual activity with someone who has "the duty to care" for them unless they are over the age of 18. Individuals that fall into "the duty to care" category would include parents or guardians, and those in any type of formal supervisory role. If individuals are between the ages of 13 and 15 they can legally consent to sexual activity with a partner who is not more than 4 years older than themselves.

An individual who is physically or mentally impaired, generally, cannot give consent to sexual activity. Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

- The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
- For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.
- Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Stalking

- Fear for the person's safety or the safety of others; or
- Suffer substantial emotional distress.
